Below are the top three BOE prioritized Elementary Criteria (January 23, 2018):

1. Neighborhoods Intact (Defined as RSP planning areas)
2. Duration of Boundaries (Have them last as long as possible)
3. Demographic Considerations (Balance demographics for general similarity between schools)

Below are the top three BOE prioritized Secondary Criteria (January 23, 2018):

1. Feeder System (Complete – all ES to one MS and one MS to one HS)
2. Demographic Considerations (Balance demographics for general similarity between schools)
3. Projected Enrollment and Building Utilization (Balance enrollment with given building capacity constraints)

Reasoning for Criteria:

1. All of the boundary criteria are important – the prioritized top three for elementary and the secondary are the framework to evaluate the options created
2. If a split in the feeder is needed have the split should happen from elementary school to middle school
3. Balancing of demographics important to ensure similar student experience in each high school feeder

Map Data provided by Wauke Community School District, Polk County, Dallas County, USGS, Iowa DOT, and ESRI. Map created December 2018.

RSP

Elementary Schools	District Boundary	June 2018 New Parcels
Middle Schools (6-7)	Cemetery	2016 Parcels
Grade Centers (8-9)	Golf Courses	Apple's Data Center
High Schools	Parks	Current Elementary Boundary
District Office	Other	Future Roads
