

Vocal Music Department Philosophy Statement

The Waukee Vocal Music Program provides instruction and opportunities for students to collaborate with peers, develop age appropriate vocal technique, and build music literacy skills through music inclusive of different historical periods and cultures. It is the goal of the Vocal Music Department to provide students with a comprehensive education full of experiences that promote life-long singing and appreciation.

HS Cantate / Cantala Description

Cantate and Cantala are non-auditioned, clef specific ensembles in the 10-12 buildings. These ensembles are composed of treble clef singers who also participate in one of the mixed ensembles in the 10-12 buildings. Further study of singing techniques and skills, focusing on sound unification, intonation, vocal independence and stage presence will be explored and discussed through a wide variety of literature. Study in solfege and music literacy will continue. These students are eligible and encouraged to participate in other musical opportunities outside of the school day. Students in these ensembles will be expected to attend voice lessons during the school day and performances throughout the school year.
