WAUKEE COMMUNITY SCHOOL DISTRICT FACILITY USE GUIDELINES

The Waukee Community School District (the District) facilities and buildings are owned, maintained, and supported by the public. The Board actively seeks to respond to the educational, recreational, and cultural needs of its total community through the total resources of the community schools. However, all school facilities have been primarily erected and maintained for the use of the students of the District and shall not be used for another purpose that will conflict with that use.

This document outlines policies and guidelines for community use of school facilities in the District. The guidelines have been reviewed by the Board Policy Committee and the District Advisory Committee, and approved by the Superintendent and the Board.

The WILC and District Natatorium adhere to these guidelines, but also have specific facility usage rules in addition to these.

ADMINISTRATIVE GUIDELINES

All facility usage requests must meet the guidelines as set out in Board Policy 1004.1.

This policy is not intended to create a limited open forum pursuant to the Equal Access Act, 20 U.S.C. §4071-74. All student-initiated groups wishing to meet on District property during non-instructional time must be approved by the building Principal and the subject of the group is to be related to the curriculum of the District.

Any activity connected with the approved school programs will take precedence over any request for use of the facilities for any other purpose.

It is understood that the District will make its facilities available for use by certain local, state, civic, or service organizations when the use does not conflict with the school program. Such use shall be for community purposes or the promotion of community activities and shall be of educational, recreational, or cultural value to the community. The District will not typically allow extended usage of a facility that utilizes an entire facility or the auditoriums, large gyms, or similar spaces.

All users of District facilities must comply with federal, state, and municipal equal opportunity laws and regulations prohibiting discrimination. All users of District facilities must also comply with Board Policies and the Facility Use Guidelines.

As per Board Policy 1004.1, under circumstances deemed appropriate and acceptable by school officials appointed

by the Board, certain school facilities may be rented and used for private profit. Guiding principles for judging acceptability will be good taste, community welfare, timing, and any other considerations deemed appropriate by the administration. Furthermore District facilities, employees, and/or students, shall not be used in any manner for the promotion or sale of services or products of agencies or businesses operating for a profit unless there is prior approval by the Facilities Use Coordinator.

Approval of a request does not imply the endorsement or sponsorship by the Administration, the Board, or the District.

Administrative Rules for Community Use

As per Board Policy 1004.1 the administration shall develop and execute appropriate guidelines for the maximum use of District facilities to enhance a fully coordinated effort between the K-12 program and community use of the facilities.

Any activity connected with approved school programs will take precedence over any other request for use of the facilities for any other purpose.

Organizations interested in using District facilities should make such requests through Community Education. Community Education will determine the availability and appropriate usage of the facilities. Completion of a Facility Request Form is required.

Community Education will schedule meetings as needed with appropriate District personnel and community users to coordinate use of District facilities. The extent of supervision needed by outside groups renting District facilities will rest solely with the Director of Community Education.

Permission granted for facility usage by Community Education shall be made through our online processes and procedures with the representative of the group making the request.

It is the responsibility of those requesting usage of District facilities to know the contents of the Facility Use Guidelines and be aware of all guidelines for usage as well as specific guidelines set forth by the Director of Community Education.

The District reserves the right to cancel or postpone any activity, including Class A activities, due to conflict, disregard of policies or other uncontrollable circumstances. If approval has been given to a group to use facilities and it is later determined that the facilities are not available, notice of cancellation shall be given to

the applicant as soon as possible with reasons for the cancellation. District administrators, the designated building supervisor, or the custodian on duty have the right to terminate any activity at any time if, in his/her judgment, there are violations of Board policies and rules, or federal, state or municipal laws, or if the activity is deemed to be hazardous to people, buildings, or equipment.

No school personnel shall accept gratuities from organizations that utilize District facilities.

Requests for the following school year will be accepted beginning July 1 and will be held in order of receipt until such time as the school calendar for the year has been set. Once the school calendar is set, scheduling of requests will be made.

Other Administrative Guidelines

All District facilities will be closed and not available for use on legal holidays observed by District staff. If a holiday falls on a Saturday, the District observance of that holiday will be on the preceding Friday. If a holiday falls on a Sunday, the following Monday will be the day of observance. The following is a list of the legal holidays observed by the District on which all facilities will be closed. Martin Luther King Jr. Day, Memorial Day, July 4th, Labor Day, Thanksgiving Day, the Friday immediately following Thanksgiving Day, Christmas Eve Day, Christmas Day, New Year's Eve Day, New Year's Day.

District facilities are generally unavailable for use by the public during winter and spring break.

The District reserves the right to cancel or postpone any activity, including school and school related activities, due to conflict, disregard of policies, or other uncontrollable circumstances.

Facility usage requests should be submitted at least two weeks prior to the date requested. The District reserves the right to cancel any requests submitted after the two week deadline.

User Group Classifications

Groups using the facilities will be classified as A, B, C, or D, with Class A having the highest priority for use when developing the annual master calendar. District Administration will determine the classification of each group requesting use of a facility.

The classification of the group or organization is determined by its status, purpose, and activity. The following classifications criteria, listed in priority order, will be followed for the use of all facilities. Examples of primary users in each classification have been listed.

However, this is not intended to be an all inclusive list. Dependent upon the use, adjustments may be made as to the class a group or organization may fall within.

Community Education reserves the right to request an audited financial statement from a group to assist in determining the appropriate classification.

District facilities are not intended to be a location for profit making enterprises.

All student registrations are completed through Revtrak, fees are calculated based on contact hours and net income is distributed using a prescribed process approved by the Board each year. Facility use fees captured by a per student amount following activity.

SPECIAL EVENTS

The District welcomes local, state, and national groups hosting special events which enrich our community and provide a variety of lifelong learning opportunities for community members.

In scheduling such events, we must ensure that the learning environment for students is preserved and the upkeep of the facilities is maintained. In that light, the following guidelines were developed.

Guidelines for giving access to local, state, and national groups hosting special events in District facilities:

- People (adults and children) in our District are participating in the events, as well as being observers.
- The group can provide references from previous hosts attesting to reasonable group behavior, lack of damage, and prompt payment of costs incurred.
- Additional workload incurred for District staff (custodians, technicians, athletic personnel, etc.)

is not so excessive that it conflicts with regular job responsibilities.

- The facilities are able to sustain the additional usage (e.g. a field seeded for fall cannot sustain a major summer soccer event; a school being prepared for an open house could not sustain a week of national basketball playoffs the week before).
- Summer usage does not prohibit major cleaning and repair projects from being accomplished.
- The nature of the event does not conflict with previously scheduled groups (e.g., a statewide band play-off disturbs previously scheduled college classes held in the same building).

Guidelines for establishing fees:

For-profit groups will pay Class D rates (Out-of-District groups, or for-profit activities).

- Groups are eligible for non-profit rate only if they provide proof of non-profit status and a tax exempt identification number.
 - Community Education may request a copy of the group's annual budget and/or the budget for the event.
- All groups must cover all personnel costs involved before, during, and after the event. This may include costs for building supervisors, custodians, technicians, and food service workers. Overtime hours incurred by the facility use personnel if the event requires an excessive amount of time to coordinate will be paid by the requesting group.
- A damage deposit will be required.

If groups are considered non-profit they are still required to pay personnel costs and they may be asked to cover direct costs of usage (e.g. electricity, water, air conditioning, heat)

FEES

The Superintendent or a designated representative will prepare a schedule of fees for the rental of school facilities. This schedule shall be reviewed and approved annually and approved by the Board.

Once the classification has been determined, Community Education will determine the appropriate charges for the use of District facilities based on the current fee schedule.

When necessary, additional fees may include such things as cleaning fees, failure to cancel charges, replacement or repair for damage, theft, or other pertinent administrative costs. All or a percentage of the estimated usage and personnel fees for a group's activity may be required to be paid prior to the usage.

The District reserves the right to require police supervision at any event as deemed necessary by the administration or Community Education. The cost of the police supervision will be paid by the renting groups.

The District shall review the facility use fee schedule and make recommendations to the Board for approval annually.

In the case of damage caused by a group, a deposit will be required after the first incident of damage. Community Education shall determine the amount of the deposit.

Partial payment at time of contract signing may be required.

Note: On occasion, a fee may be waived or reduced depending upon use and organization. This waiver will be made at the sole discretion of the Director of Community Education.

APPLICATION PROCESS

A person requesting use of District facilities will complete an online facility request form. The request must include the exact description of the rooms, required personnel, equipment or other materials needed. The online facility request form is available on the District website at: <https://communityed.waukeeschools.org/facility-reservations/>

Upon receipt of the request form, the Community Education Department will note the date received and determine classification. The request will then be filed according to classification and date received. Once the master calendar is added and the Athletic/Fine Arts calendar process is completed, the scheduling of community requests will begin.

The facility use request will be reviewed to:

- Determine the requester's classification
- Determine availability and appropriateness of facility to meet the request (including personnel and equipment, if applicable)
- Determine estimated cost of requested facilities and personnel
- Determine method of fee collection

When the above has been determined, the request will be scheduled and a contract will be issued.

LIABILITY INSURANCE

The District requires a signed Group Representative Responsibility Agreement from all requesters. The District also requires a signed contract and Hold Harmless

Agreement from all requesters. The renter shall be liable for any and all loss, damage or injury sustained by any person that by reason of negligence of the renter. All community groups are responsible for their own insurance coverage and the District shall require a certificate of insurance to demonstrate liability insurance of at least \$1,000,000 of coverage, with the District named as an additional named insured on the policy. This certificate is to be presented to the Facilities Use Coordinator, with the facility use request form prior to the first scheduled event. A certificate of insurance is not required from District employees or District volunteers when the activity is a District event.

NOTIFICATION OF CHANGE/CANCELATION

The requester is responsible for notifying the Facilities Use Coordinator when his/her group wants to change or cancel a confirmed request or the group is not using the facility at the scheduled time.

Change requests are due to the Facilities Use Coordinator no later than two days excluding weekends or holidays prior to the scheduled time of use. Failure to make the proper notification will result in a convenience charge that will be assessed per occurrence.

Cancellation requests are due to the Facilities Use Coordinator no later than two days excluding weekends or holidays prior to the scheduled time of use. Failure to make the proper notification will result in a forfeiture of all fees paid in advance. An additional cancellation fee will be assessed on a per-occurrence and/or per-facility basis.

BILLING/PAYMENT PROCEDURES

Usage and personnel fees for all events will appear on the contractual agreement. Depending on the rental, usage and/or personnel fees will be paid before or after the rental.

All invoices must be paid in full no later than 30 days after being sent to the rental group representative by the Facilities Use Coordinator. A late fee may be applied to overdue invoices.

SUPERVISION

Building Supervisors assigned by the Facilities Use Coordinator will supervise the use of facilities and will serve as a resource person for group representatives.

administration. The police supervision costs will be paid by the requester.

The Board also prohibits the distribution, dispensing, manufacturing, possession, or use of e-cigarettes, vaping paraphernalia, like objects, and look-alikes; regardless of the substance inside, by students while on District property or on property within the jurisdiction of the District. (Board Policy 1004.1-R(1))

EMERGENCY PROCEDURES

“The Superintendent shall have the authority to close or delay the opening of schools because of extreme weather or other emergency conditions for the length of time the emergency exists. He/She shall make provisions to publicly announce such closings or delayed opening via available mass communication media as soon as possible after the decision.”

WEATHER RELATED CLOSINGS/CANCELLATIONS:

- If school is let out early, facility rentals will be canceled as well.

- If school is held but PM activities are canceled, facility rentals will be canceled as well.

The District reserves the right to conduct fire and tornado drills in all facilities without notice to participants.

“Any person found willfully damaging or defacing property belonging to the District shall be held responsible for the replacement or repair of such property and all costs shall be the obligation of the offender.” (Board Policy 1004.1-R(1))

It is possible that criminal charges may be filed against the offender.

If the individual offender is not known, the group/requester is liable for damage costs.

If the group refuses to make payment, the group will not be allowed to use District facilities again.

If damage or theft is not reported by the group, an administrative fee will be charged to the group for the labor involved in tracking the responsible group. This charge is in addition to the cost for replacement/repair and any labor costs incurred.

A damage deposit may be required if the group has the potential to incur excessive wear and/or cause excessive damage to the facility.

Photographs should be taken by the building supervisor or the Activities Director of any damages resulting from the use of a building and notations made detailing the date, time, location, and the amount of repair. The building administrator and maintenance department should be notified.

SPECIAL FACILITIES, AREAS AND EQUIPMENT

Auditoriums

The District auditorium may be used for purposes and activities appropriate to the facility. Groups requesting use of an auditorium will need to list in detail their equipment requests for auditorium use. District personnel are required to operate all audio/visual equipment and the cost of such personnel will be at the user’s expense.

Classrooms

Classrooms in elementary and secondary schools may be scheduled for use by the public for purposes and activities appropriate to the facility. Teachers will be

notified prior to community use to ensure storage of materials. Users will be expected to respect teacher' and students' belongings as well as the District's equipment, supplies and materials. Users also will be expected to leave the classroom in the same, or better, condition than they found it.

Equipment

Special requests for use or rental of specified equipment will be considered on a request-by-request basis and shall be solely the discretion of the District.

No batting practice. No pitching machines.

No leaning into volleyball nets. This loosens standards and damages equipment. More importantly, loose standards could fall and cause personal injury.

No climbing or playing on bleachers.

No pulling of bleachers. Facility Supervisors will be responsible for pulling bleachers out for use if previously approved by the Director of Community Education.

No tape or markers on floor or walls.

No propping open doors or windows.

No spitting or foul language allowed.

Children are not allowed to roam or play in the halls while their parents are participating in activities in the gym.

Motorized and Non-Motorized Vehicles

"The use of go-karts, motorcycles, motor scooters, mini-bikes, mopeds, snowmobiles, and other motorized vehicles will not be permitted on school playground, school sidewalks or school parking lots, except for parking and maintenance of property and as otherwise permitted by the Board." (Board Policy 1004.1-R(1))

Multi-Purpose Rooms/Community Rooms

Scheduling of multi-purpose room/community rooms for all non K-12 program use shall be the responsibility of the Activities Director.

Multi-purpose rooms/community rooms may be used for purposes and activities appropriate to the facility.

Outside Areas

The use of the football/soccer stadium, softball stadium, baseball stadium, tennis courts, and running track will require the regular facility form to be completed. The same request process and timeline used in scheduling and confirming use of inside areas will be followed.

Organizations using outside areas will be expected to clean up all trash, papers, cups, or anything littering the fields or areas surrounding the fields.

The Facilities Use Coordinator will outline rules and regulations about use of a field for practices, games, and tournaments. It is the responsibility of users of outdoor facilities to acquire a copy of the field use guidelines from the Facilities Use Coordinator. Violations of these guidelines will result in a request to the police department to enforce guidelines and/or in termination of the organization's right and privileges to use the District's grounds and fields.

The District reserves the right to limit the number of games or teams which may play or practice on District ground and also reserves the right to limit the days and hours of use of grounds.

The District Activities Director shall have sole discretion to determine if any reserved outdoor facility is unusable. It shall be the responsibility of the Activities Director, or his designee, to notify the appropriate parties if weather has rendered the outdoor spaces unusable.

The District may require the rotation of fields for aerating, draining, reseeding and maintaining, thus removing select fields from use. The maintenance department may fence off fields to prevent use. Violation of fenced off areas will be considered trespassing, and the City Police Department will be notified. Prosecution may be pursued.

Portable restrooms or “kybos” at the expense of the user may be required for activities and tournaments. Water and electricity may not be available from District sources. Special arrangements must then be made for both.
